Favorite TV Shows

by Shelly Hazard

Four friends have a favorite TV show currently running its fifth season. Oddly enough, while the four are close friends, their interest in TV shows is very different so none of the friends share a common interest in TV shows. In fact, each favorite show even airs on a different channel at a different time. Determine the name of each friend, the title of their favorite TV show, and the day of the week and time that the show airs.

1. The person who enjoyed the TV show, FBI, doesn't watch it on Sunday night. The TV show, Explorer, aired at 7 pm, but it wasn't Mike's favorite show.
2. Family Tides wasn't Al's favorite TV show.
3. Roger's favorite TV show aired at 10 pm, but not on Wednesday night.
4. The TV show that aired on Tuesday night is The Z-Files.
5. Mike doesn't watch a TV show at 9 pm. Gary doesn't watch TV on Sunday night.
6. The TV show, Family Tides, aired an hour after the show that Gary liked but an hour before the show that aired on Monday night.
