and Table of Results

Mark and Cynthia hosted a family barbeque for their Independence Day celebration. The day dawned sunny and warm, but not too hot. A perfect day for a family barbeque! They had a flock of family drop in to visit throughout the day, but four in particular they were very happy to see – their siblings with their own families. Both Mark and Cynthia had a brother and a sister, and they didn't get to see them much as they both lived a fair distance away. Determine the name of each sibling, the number of kids each brought with them (one had no children), each sibling's relation to Mark and Cynthia, and the food each brought as an offering for the barbeque.

1. Wanda didn't have two children. Mark's sister didn't bring the cookies.
2. Ralph wasn't Cynthia's brother. Greg didn't bring the watermelon.
3. One of the sisters brought potato salad.
4. Sara had one child. Mark's brother didn't have three kids.
5. The sibling with two kids brought the salmon.
6. Cynthia's sister brought the cookies. The sibling with one child didn't bring the potato salad.
